ANNEX A

FOI DOF/2026-0048

Request

1. Under FoI, I require that you provide a full listing of your procedures for dealing with cases like mine - long-term sick, wanting to return to work but requiring a change of location for medical reasons. If you do not have any such procedures, you must state that plainly.

DoF response

I can confirm the department holds the information requested.

1. Please find Resourcing Principles which outline considerations for Departments, when receiving adjustment requests attached at Annex C.

2. Additional information is contained within the attached Annex D, available from the NICS' Employee Services Portal.
