[Private Occupations FAQs - updated July 2025 \(tracked change\).tr5](#)

Aisling,

Standards of Conduct Section 6 Private Occupations

Please find attached submission to the Minister for consideration.

The sub reflects amends/comments provided by you and I have highlighted changes I have made to (i) reflect annexes added to the sub ; and (ii) the draft policy to reflect the dispensation for work carried out for the Electoral Office. I also changed the recommendation slightly to reflect we wish to go into consultation with CTUS.

There are associated FAQs attached to see. I haven't included in sub but they can be finalised and added as a means of further assurance if you wish. To note we are doing some more work around guidance in the form of a basic checklist for line managers before implementation of policy.

Happy to discuss further

Thank you
Joan
