

FOI DOF/2026-0172

Request

Grateful if you would advise on the number of individuals currently TPd to General Service G6 broken down by those who passed, did not pass and did not apply for IRC306699 (General Service G6 competition) and why those who did not apply for or failed a competition are still being TPd rather than a vacancy declared.

DoF response

I can confirm the department holds some of the information requested.

137 individuals are currently TP'd to G6, of those, 68 applied for IRC306699 and 69 did not apply.

Of the 68 that applied for IRC306699, 41 did not progress to interview stage, 14 passed the interview and 13 failed the interview.

The management and recording of temporary promotions are the responsibility of individual business areas in Departments. Temporary promotions can be for several different business reasons, such as covering vacant posts, special exercises etc.
