**Subject:** CM: FW: LST - Strategies - Suggested narrative for inclusion in CDWG submissions for Ministerial approvals Feb 2026

Good afternoon CDWG members,

Please find attached narrative which should be included in the submission to be sent to Ministers for approval regarding Irish Language and Ulster-Scots Language, Heritage and Culture Strategy.

The narrative provides important context and should be incorporated in full as part of the final documentation forwarded for consideration.

If you have any questions, let me know

Kind Regards
