Kerri

We will write out to everyone today. We will send you docs next weeks narratives and actions. And a series of paragraphs re update on where we are with strategies and next steps for departments to include in their subs

Pushed back date to go to ministers – 18 feb (ish) with 3 weeks to come back.

**Subject:** Sub to Ministers on Language Strategies

Good morning Ciara

Just had a very quick query on the subs to Ministers – can/should we be sharing the action tables and narratives? Or just referring to these?

I can summarise the content, but wasn't sure if we could or should be sharing the actual action and narrative documents?

Thanks  
Kerri
