

FOI DOF/2026-0178

Request

RE: IRC320461

1. Can you please provide me with the definitions of sufficient depth and breadth that you have used when assessing all applications?
2. Can I be provided with the scoring matrix used to fairly score all applicants responses to 1b
3. Can I request what the pass score was for this additional part of the sift?

DoF response

I can confirm the department holds the information requested.

1. There was no specific definition of the term “sufficient breadth and depth” used when assessing all applications.
2. Please see attached at Annex C, the scoring matrix that was used for shortlisting.
3. The minimum score required to be invited to interview was 5.
