Request

Re: Competition IRC327504 – Grade 7 Information Management

1. I would be grateful if you can provide some information on the scoring matrix used for the objective evaluation carried out.

I would also be grateful if you can provide

2. the pass mark
3. the number of candidates who made it through for interview
4. the number who didn't make it through for interview.

DoF response

I can confirm the department holds the information requested.

1. See copy of the scoring matrix (**Annex C**) used for the objective evaluation.
2. This was completed on a scored basis and only the highest scoring applicants proceeded to interview. On this occasion it was those that scored 3 or above.
3. 11 candidates progressed to interview.
4. 15 candidates did not progress to interview.
