

FOI DOF/2026-0465

Request

You requested the following information on 12 August 2026.

I am a PhD researcher performing research on the parish of Dungiven. I require multiple lines of information data. For this request I would like data on the number of deaths in the parish from June 2015 to June 2025 on an annual basis.

I also would require all deaths from all denominations for the same period. I would kindly appreciate your time in providing this in a table form.

Clarification on your request was sought on 18 August 2026. The Department advised that Parish data was not held and asked whether you would like information for the Dungiven Super Output Area instead. You confirmed that you would.

DoF response

The Department does not hold the information initially requested.

Denomination is not recorded as part of the death registration process, and no geographical marker is captured that would allow deaths to be identified as relating to the parish of Dungiven.

Following clarification you confirmed you would like information for the Dungiven Super Output Area. Attached is a table of deaths registered annually between June 2015 and June 2025, where the deceased was usually resident in the Super Output Area of Dungiven.
