Request

Re: IRC277837 – Deputy Principal Competition

The letter from HR Connect also states "the panel are? so could I ask how many people were on the panel, their grade in the NICS and their skillset that allows them to assess evidence against the NICS Core Competency Framework."

DoF Response

I can confirm the department holds the information requested.

The sift panel consisted of one Grade 7 and two Deputy Principals. The panel members have in total over 20 years' experience of working on Recruitment Competitions, including eligibility sifts.
