**Subject: Response to DoF/2022-0366**

I appreciate that DoF HR have provided the response on behalf of the NICS. But if DoF are providing this information on behalf of all NICS Departments could you please break this down by Department.

**DoF Response**

In response to FOI – DOF/2022-0366 the most current information available was based on the staffing position at month end August 2022. The Department is now in receipt of staffing information based on the position at month end September 2022. The total number of NICS staff on temporary promotion for one full month and over at the end of September 2022 is 2,300. A breakdown by the duration periods requested for each Department are set out in the tables below.
